Small farms equipped in Malta

Our wide range of products allows us to support both turnkey projects and small farms, of which we list below some recent examples.

- Farm of about 500 commercial layers, located not far from a urban center, equipped with 4 communal nests AVIO 500 1 tier at wall, manual expulsion unit and egg collection, 360 cm ORION slatted area, perches, nipple drinking system.

- n. 2.000 commercial layers, old barn previously used as dairy farm, now equipped with 9 automatic nests AVIO D 1 tier at wall, 300 cm ORION slatted area, perches, chain feeding system FLATLINE, nipple drinking system.

- Broiler farming similar in dimensions to the previous one, located in Gozo, equipped with 2 pan feeding system LYRA, cross conveyor D. 75, nipple drinking system.

- Broiler farming similar in dimensions to the previous one, located in Gozo, equipped with 2 pan feeding system LYRA, cross conveyor D. 75, nipple drinking system.
